Notes about the Author: My name is Richie Summerville (Clarion University of PA - Class of 1990) and this is the ninth year that I have calculated the RPI for Division One women's basketball and seventh for the WBCA. I work for ESPN Radio 1310 in Virginia Beach, Virginia where I am the producer for the Old Dominion Lady Monarchs Radio Broadcasts. Great thanks go to Lady Monarchs head coach Wendy Larry who gave me the inspiration to start this and I hope those of you viewing these pages find the information useful.

Sincerely
Richie Summerville

WBCA/Summerville RPI

as of December 28, 2003

I hope everyone is having a great holiday. Just a few things to tell you about.

I've added another page to the report this week. This new page is the strength of schedule ranking for non conference games. You may have seen the first report we published before the season also had a similar ranking based on the records from last season. Now seems to be the time to put this into the report since most teams are about to conclude that part of the season. Once the conference season gets rolling it will be interesting to compare this ranking against the overall strength of schedule.

After last night there are now seven undefeated teams. Miami of Florida, Vanderbilt (who happen to play each other today Dec 29th) Virginia Tech, Connecticut, Minnesota, Texas Tech, and Southern Mississippi.

Have a happy new year!
Richie Summerville

WINNING PCT. (Part One) = 25% of RPI [Games played against non-division-one teams are excluded.]

SCHEDULE STRENGTH or OPPONENTS WINNING PCT. (Part Two) = 50% of RPI

OPPONENTS SCHEDULE STRENGTH or OPP/OPP WINNING PCT. (Part Three) = 25% of RPI.

This version of the RPI makes no adjustment for deducting a team's record from its schedule strength.

The premise here is that any team is inescapably

a part of its opponents' cumulative schedules. Not all RPI calculations respect this premise

	INDEPENDENTS	4	N/A	N/A	N/A	N/A	N/A	N/A	19	28	N/A	0.404	N/A	0.44154

The Conference RPI is calculated using all division one games except those played against independents. This ranking is used to compare conferences. Since independents, by their own circumstances, are not part of a conference and not officially combined as a group their games cannot be used. Games played by conference members that are not counted in the league standings are not used in this calculation. The complete non-conference record is shown above. The Conference RPI Average is the average of all RPI's within a given conference. This ranking is provided to show a contrast between that and the Conference RPI.

REGULAR SEASON NON-CONFERENCE STRENGTH OF SCHEDULE RANKING

This ranking is based on the combined records of a given team's division one non-conference schedule. Minimum 5 games.
