Educational Column:

NCAA Division I institutions should note that the previously approved incidental expenses legislation provides that specific incidental expenses that have been previously approved by the NCAA Division I Legislative Council Subcommittee for Legislative Relief may be processed by an institution or conference. Prior to the adoption of the legislation, an institution was required to submit a waiver request to the NCAA national office each time the institution wanted to provide expenses not authorized under NCAA rules to a student-athlete.

The following is a list of waiver requests that have been approved as of November 2, 2001, by a two-thirds majority of the previous NCAA Division I Management Council, as amended due to specific subsequent changes to underlying legislation (e.g., NCAA Proposal No. 2003-139). These incidental expenses can be approved by institutions or conferences without submitting a formal waiver request to the NCAA.
