INTRODUCTION

Dear member,

We are pleased to present you with this annual report for the 2023-24 association year. The report summarizes the WBCA's status and activities from Sept. 1, 2023, through Aug. 31, 2024.

It was a monumental year for our association and our sport!

The WBCA officially announced the WBCA Showcase — the association's first-ever competitive event. The WBCA Showcase will be held November 2024 at the ESPN Wide World of Sports complex at Walt Disney World Resort in Florida. The event will provide a new multi-team event (MTE) opportunity for NCAA Division I teams, a new revenue source for the WBCA, and increase exposure for the sport.

The 2024 WBCA Convention in Cleveland was a success! Attendance exceeded the expectations of the WBCA Board of Directors and staff, and those attending gave their convention experience, including the programming which began to focus on the health and wellness of coaches, rave reviews. Plans for the 2025 WBCA Convention in 2025 are already well underway. We hope to break the attendance record of 2,927 which was set in 2019 in — you guessed it — Tampa.

Meanwhile, interest in and viewership of college women's basketball reached all-time highs; the NCAA and ESPN reached a new $115 million television rights agreement for the Division I Women's Basketball Championship and 39 other championships, which valued the women's March Madness at approximately $65 million (more than half the total deal); and in August 2024, the NCAA Division I Board of Directors voted to introduce a proposal to pay performance units to teams that play in March Madness that will be voted on during the NCAA Convention in January 2025. If approved, it will rectify one of the greatest remaining discrepancies in the NCAA's administration of the women's and men's basketball championships.

All of this is directly attributal to more than 42 years of hard work by coaches with the support of the WBCA — your professional association — to grow our great game! We are proud of the role we play everyday in informing, educating, connecting, recognizing and representing you, as documented in this report.

Thank you for being a member.

Best regards,

Courtney Banghart

EDITOR'S NOTE: Before publication of this report, the inaugural WBCA Showcase was held Nov. 21, 23, 24, 2024; and in January 2025, the Women's Basketball Participation and Performance Funds were adopted during the NCAA Convention in Nashville. Although these events did not occur during the 2023-24 association year, we mention them here for benefit of the reader. Both items will be addressed in greater detail in the 2024-25 annual report.

BELIEFS

Our mission, vision, values and objectives define who we are and aspire to be, why we exist, what we believe, and what we do. Our code of ethics establishes standards of professional conduct and our expectations of each other and ourselves.

Our Mission

The WBCA leads, serves and unites coaches of women's basketball for the good of our game and those who play it.

Our Vision

Every coach of women's basketball looks to the WBCA for the support they need to succeed professionally, grow the game, and inspire players to realize their full potential.

Our Values

Member coaches are stewards of the game, conducting themselves with professionalism and integrity, and putting foremost the safety, welfare and educational interests of the women and girls they coach. The WBCA membership, board of directors and staff conduct themselves in such a manner that the women and girls who play basketball gain self-respect, self-esteem and self-confidence, as well as educational development. These qualities empower women and girls to succeed in life and to become leaders in their professions, communities and society.

Our Objectives

- We follow both the letter and spirit of the rules and regulations that govern our sport.
- We inform, advise and guide coaches on matters that impact their profession and their sport.
- We offer networking opportunities that allow coaches to connect, encourage and mentor each other.
- We provide educational programming that enables coaches to make themselves better leaders, teachers and role models for the athletes they coach, and improve the quality and popularity of the game.
- We recognize coaches, as well as their athletes and their teams, who excel athletically and academically each year, and honor those who have made lasting contributions to the profession and sport throughout their career.
- We act as the unifying voice of coaches to the organizations that govern the sport at its various levels of competition.

Code of Ethics

Members conduct themselves professionally, according to the rules, and with civility to players, administrators, game officials, fans and each other. All members must adhere to these ethical and behavioral standards.

INTEGRITY

- We follow both the letter and spirit of the rules and regulations that govern our sport.
- We watch for actions that could influence other coaches, staff members, athletes and fans to behave in a way that is contrary to these standards.
- We report conduct or suspected conduct that is not in keeping with these standards as well as the rules and regulations that govern our sport.
- We acknowledge that winning is important, but never at the expense of sportsmanship, safety and integrity.

ATHLETE EXPERIENCE

- We place the physical and mental well-being of the women and girls who play basketball above all else; their health and safety is paramount.
- We maintain strictly professional relationships with the athletes with whom we interact.
- We respect the dignity and individuality of each person with whom we interact and promote a diverse and inclusive culture in which every individual is valued.

EDUCATION AND EMPOWERMENT

- We teach by example and instill in our athletes the fundamental values of honesty, integrity, respect, civility, self-discipline, personal responsibility and fairness.
- We educate women and girls in a manner that prepares them to succeed in life and become leaders in their communities.
- We strive in all we do to expand athlete experiences and support their academic and educational interests.

PROFESSIONALISM

- We perform with excellence and good sportsmanship and require the same of each other and our athletes.
- We commit to growing and enhancing the sport of women's basketball and seek opportunities to grow personally and professionally.
- We respect the game, fellow coaches, administrators, game officials and the women and girls we coach and teach.
- We conduct ourselves according to the WBCA values and standards and are accountable for our decisions and actions.

LEADERSHIP

The WBCA is governed by a board of directors composed of 25 officers and directors — 18 of whom are coaches — and several nonvoting consultants to the board who represent strategic partners or have expertise in areas of importance to the profession and the sport. The board selects its own members and, with the exception of the secretary and the treasurer, elects officers from among the sitting directors.

MENTORING

In addition to the organic networking opportunities that occur during its yearly convention, the WBCA continues to connect members with each other through virtual programs such as the Coach to Coach Mentoring Program and the Beyond the Box peer-to-peer program, as well as the popular in-person Mentoring Madness session during convention.

Coach to Coach Mentoring Program

Launched during the 2015-16 membership year, the Coach to Coach Mentoring Program is a traditional, small-group mentoring program designed to bring coaches and staffs together during the basketball season to share ideas, confront challenges and learn from each other's experiences. The program provides a structured platform — monthly conference calls — for organic, open conversation between experienced coaches (who serve as mentors) and those who have recently began their coaching journeys (mentees).

Coaches are paired with others at the same level (e.g., head coach with other head coaches, assistant coach with other assistant coaches, etc.) to connect and discuss things such as difficult situations, personal interest topics, coaching journeys and X's and O's.

Participants rotate from table to table for 20-minute mini sessions during which they discuss pertinent issues with a variety of head coaches. The experience helps to build everyone's professional network and opens the door to a convention full of brainstorming and sharing.

ACTIONS
PROGRAMS & INITIATIVES

ADVOCACY & GOVERNANCE

The WBCA continued to serve as the unified voice of member coaches to governing bodies of the sport during the 2023-24 association year, advocating successfully for legislative proposals supported by NCAA Division I coaches:

- Blanket waiver to allow student managers to also serve as male practice players.
- Male practice players can receive expenses to travel to away games.
- Transfer portal window reduced from 45 to 30 days, closing on or before May 1.
- All six coaches may recruit off campus, but only four coaches at any one time.
- Unlimited institutional official visits.
- Blanket waiver exempting certain events from the 10 days coaches may recruit internationally during June, July and August.
- Permitting in-person, off-campus contact with two-year college prospects during the September and March contact periods.
- Allowing a DI team to play one game against another DI team on a foreign tour.

EDUCATION & PROFESSIONAL DEVELOPMENT

WBCA NGI NEXT GENERATION INSTITUTE

The Next Generation Institute welcomed a 32-member class to the two-day program held during the 2024 WBCA Convention in Cleveland. Launched in 2023, NGI is the association's newest educational program. NGI is for experienced associate/assistant coaches who aspire to become a head coach at the NCAA Division I, II or III levels. The program consists of a curriculum that focuses on the CEO attributes a modern-day head coach needs to lead a program and be a problem-solver in today's ever-changing landscape of higher education and the enterprise of intercollegiate athletics.

A class of 55 attended the "So You Want To Be A Coach" program during the 2024 WBCA Convention in Cleveland. In its 21-year history, more than 1,100 graduating senior college women's basketball players have completed the WBCA's longest-running education program. The "So" program increases the understanding and application of skills necessary to secure coaching positions in women's basketball, increases the understanding and awareness of competencies necessary for success in coaching, introduces female basketball players to coaches and administrators, and raises awareness of the existing talent pool of female basketball players who have a passion and interest in coaching the game of women's basketball.

WBCA SO YOU WANT TO BE A COACH

The WBCA once again partnered with the National Association of Basketball Coaches (NABC) to offer the WBCA-NABC Coaches Forum which features panels of college basketball leaders discussing issues and topics relevant to the sport. There were two Coaches Forum presentations during the 2023-24 association year:

- Sept. 27, 2023 — Assistant Coach Development
- June 26, 2024 — Navigating and Avoiding Burnout

DIVERSITY, EQUITY AND INCLUSION

The WBCA continues to be an industry leader in efforts to improve gender equity. At the conclusion of the 2023-24 season, the NCAA held the inaugural Women's Basketball Invitation Tournament (WBIT) to balance postseason opportunities within the NCAA for women and men. On Aug. 7, 2024, the NCAA Division I Board of Directors voted to introduce a proposal to create a Women's Basketball Performance Fund and Women's Basketball Equal Conference Fund based on participation and performance in the NCAA Division I Women's Basketball Championship. The new funds, if adopted by the NCAA Division I membership at the 2025 NCAA Convention, will resolve a major gender equity discrepancy between the NCAA's administration of the women's and men's championships.

The WBCA continued its partnership with RISE, a national nonprofit organization that educates and empowers the sports community to eliminate racial discrimination, champion social justice and improve race relations. RISE conducted an online virtual module on Inclusive Leadership on Sept. 20, 2023. RISE also conducted three sessions during the 2024 convention in Cleveland:

- Cultural Competence (increasing cultural awareness and knowledge)
- Privilege (recognizing your own privilege)
- Actor, Ally, Accomplice (the pursuit of racial equality)

CIVIC ENGAGEMENT

The WBCA once again partnered with the All In Campus Democracy Challenge, the National Association of Basketball Coaches, and The Team in the 2024 Coaches' Pledge initiative, which shares nonpartisan engagement resources with athletes and provides an opportunity for athletes to register to vote. WBCA board members Gene Hill, head coach, Georgia State University, and Charmin Smith, head coach, University of California, Berkeley, represented the WBCA on the Coaches' Voter Education Task Force. Participating women's basketball coaches were (alphabetical by institution):

- Arkansas-Fort Smith — Ryan McAdams

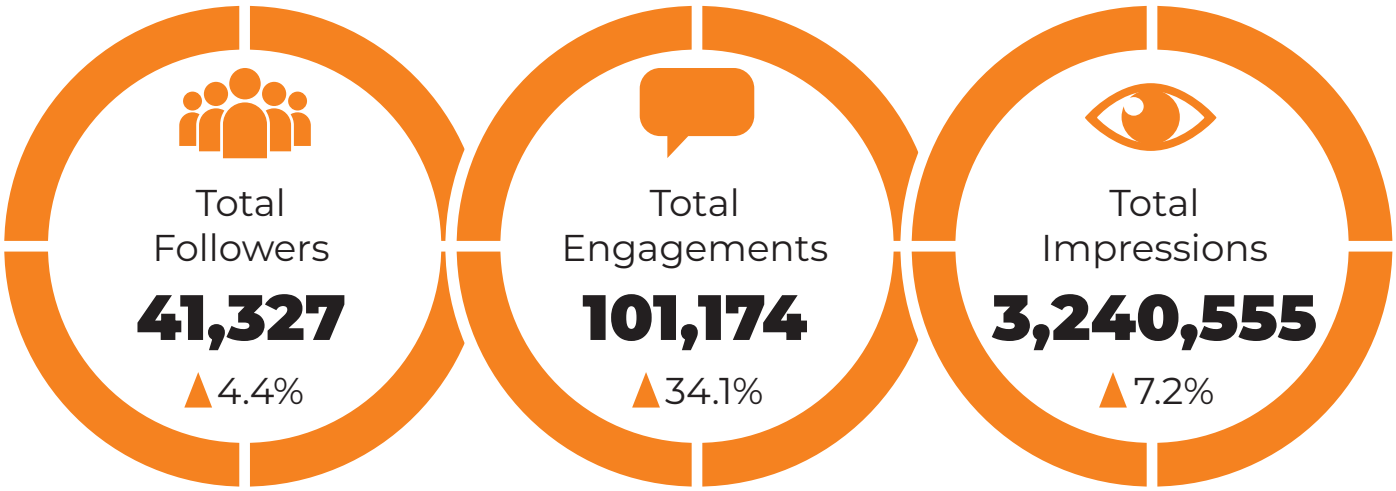
SOCIAL MEDIA

Total followers, engagements and impressions on the three main social media platforms increased during the 2023-24 association year. More importantly, the overall engagement rate also increased to 3.1% — a 24.3% improvement year over year. The engagement rate measures the amount of interaction a piece of content gets compared to how many people simply see it, and is a better indicator of brand affinity, credibility, efficacy, and visibility; strength of relationship with the audience; and how well content resonates regardless of how many followers you have.



WBCA gained online followers on all three platforms during the 2023-24 association year. Instagram led the way with **1,029** new followers.

Total engagements, which include likes, comments, replies, shares and retweets on posts, soared **34.1%**. The engagement rate also increased to **3.1%**, solidly within the desired 1% to 5% range.

This is how many times people saw the WBCA brand across all platforms. The increase in total engagements (e.g., reposts and shares) resulted in an increase in total impressions as well.
